ColorLogic® 160 & 320 Accent Lights

COLOR LED POOL AND SPA LIGHTING

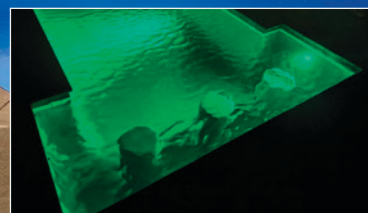

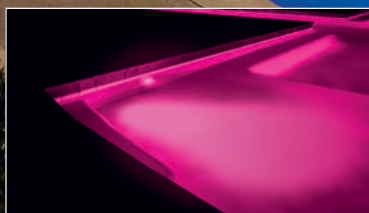

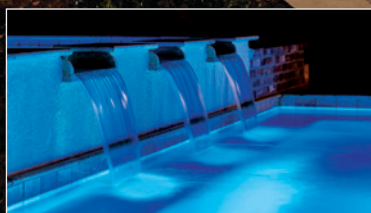

New ColorLogic Accent Lights from Hayward® are simply the best solution in color LED pool and spa lighting for small features. Ideal for

showcasing steps, jets, bubblers, baja shelves, fountains and more, ColorLogic

Accent Lights offer complete color coordination with Universal ColorLogic lights. Designed with builders in mind, they are the easiest 1.5-inch lights to install at just 4 inches below the waterline and in as little as 8 inches* of PVC conduit. Plus, these low-voltage LED lights use far less energy than typical incandescent lights to last up to 10 times longer, save owners money on energy costs and eliminate service calls to replace bulbs. ColorLogic Accent Lights create a striking, expertly coordinated environment for all backyard occasions.

*Networked lights 10 inches in length.

Discover total color coordination.

ColorLogic® Accent Lights Features and Benefits:

- > Easiest 1.5-inch lights to install at just 4 inches below waterline and in as little as 8 inches* of PVC conduit.
- > Ideal lighting for steps, water features, baja shelves, bubblers and more.
- > Can be installed wet or dry.
- > Lasts 10 times longer than incandescent lights.

- > 10 fixed colors with 7 color-changing shows.
- > 101 colors and 11 color-changing shows when networked with Hayward® Automation Systems.
- > Available in two brightness levels.
- > UL-listed for safe floor or wall installation.

*Networked lights 10 inches in length.
