TOTAL TRANSFORMATION IS JUST ONE BULB AWAY.

The ColorLogic® LED Replacement Bulb is the quickest, most cost-effective way to upgrade a standard incandescent pool light to a vibrant, color-rich, energy-efficient LED. Simple installation doesn't require costly rewiring or fixture replacements, and a UL-listing ensures seamless retrofitting into Hayward® or other 120V pool housings—making ColorLogic lights the best way to add a splash of color to any backyard.

10 fixed colors and 7 color-changing light shows

92% more energy efficient than incandescents

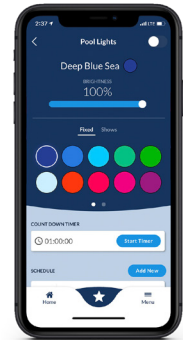

10x longer life than incandescents

UNLOCK EVEN MORE FEATURES WITH HAYWARD OMNI.®

With the addition of OmniDirect Mode™, ColorLogic LED Replacement Bulbs are optimized for use with Hayward OmniLogic® and OmniHub® automation systems, providing more control than ever. Features of OmniDirect Mode include:

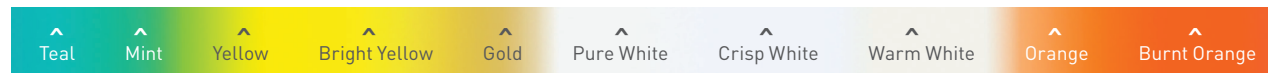

- » Instant navigation to desired colors or light shows (no more cycling through every option)
- » Dimming capabilities (20% increments)
- » Speed adjustment for light shows
- » Access to 10 additional colors for increased customization opportunities (special occasions, sports teams, school colors and more)

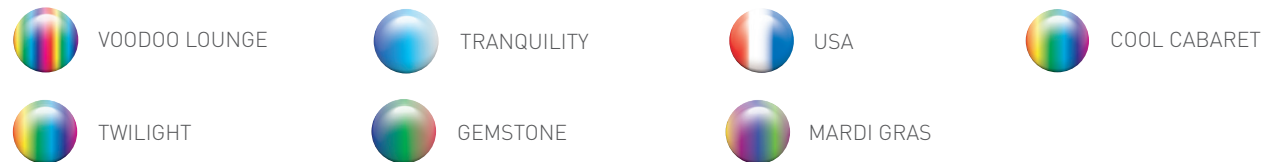

FIXED COLORS

Additional colors available when paired with Hayward Omni automation:
