

## LED PAR56

### REPLACEMENT LAMP

Transform your PAR56 sealed beam incandescent pool light into a modern LED technology pool light in either colorful RGB or long lasting white. Both models feature reliable SMD LED technology to offer long life and energy savings. With the RGB model you get the added benefit of having 7 fixed colors choices or 8 color changing shows at your fingertip. Easy color changing with RGB is accomplished by simply using the power switch to the light to select a fixed color or color show of your choice to set the perfect pool mood.
