Zodiac Ei²

saltwater chlorinator

Designed with the gentle art of relaxation in mind, the **Ei² chlorinator** is quick and easy to install, operate and maintain giving you more time to perfect your relaxation techniques.

Spend more time enjoying your pool not maintaining it.

A robust design with user friendly operation make Ei² the perfect choice for those considering a saltwater pool

Easy to Operate

Setting up a chlorinator can often be a hassle, so we made Ei² as easy as possible straight out of the box. Ei² comes preset with summer and winter modes, all you have to do is set the time and select the mode. Or you can override the modes and set your own operation to suit your individual needs. Also features Boost or Low functions to make ongoing use as easy as possible.

Should there be any problems, there will be warnings shown on the screen to alert you.

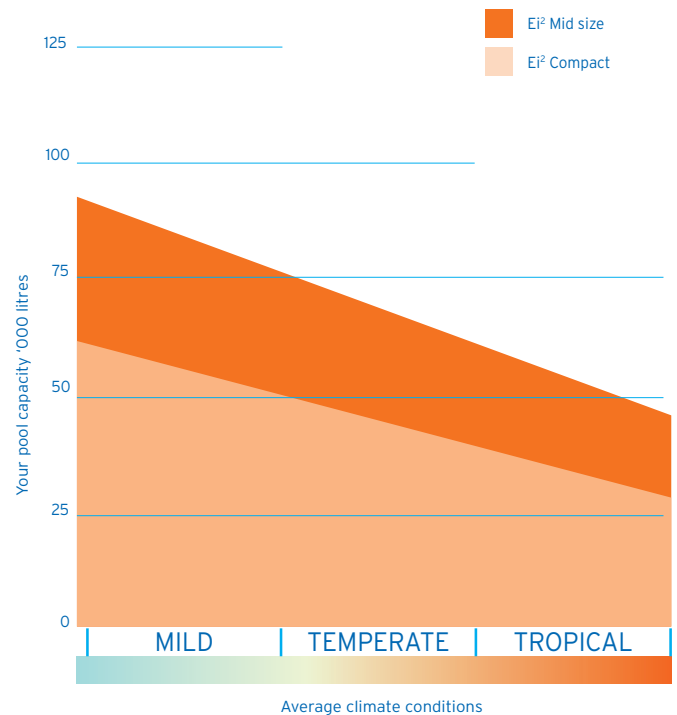

Easy to Maintain

The process of saltwater chlorination is a fascinating and complex subject (too complex to discuss here) but let's just say that you need some really clever and well constructed materials to make it all work, otherwise you will spend as much time maintaining the product as you will swimming.

Zodiac use nothing but the best and we incorporate reverse polarity (self cleaning) technology to keep cell cleaning to a bare minimum. Plus the clear housing makes it easy to see when it needs any attention.

Ei² comes in 2 sizes, compact and mid size, use this graph to see which size you will need to suit your pool in your climate.

Specifications Chart

Description	Ei Compact	Ei Mid Size
Maximum* average pool size	40,000 litres	70,000 litres
Plumbing capacity	40mm Only	
Min/Max salt level	4,000ppm - 10,000ppm	
Power Pack dimensions (WxLxH)	285mm x 405mm x 115mm	
Cell dimensions (WxLxH)	80mm x 260mm x 120mm	

*based on a mild weather climate, please adjust for cooler or hotter climates

Zodiac lives in the backyards of Australian families, at home in the pool. Zodiac began and continues with a dedication to innovation and new product development, focused on ensuring a better way of life. Our products deliver solutions to take the hassle out of owning a pool. So, all that's left is for you to enjoy it; to enjoy a better life.
